

## CHECKLIST

### Some information you can bring to your dealer when buying a wood stove or fireplace:

---

- **Type of house**
- **Year of construction**
- **Is your home well insulated or re-insulated?**
- **Do you know the condition of your chimney?**
  - Chimney sweep check (approximate year)
  - Want a chimney check
  - Don't have a chimney
- **What kind of fireplace do you want to install?**
- **How big is your home? (m<sup>2</sup>)**
- **How big is the room / space where you want to install a wood stove or fireplace? (m<sup>2</sup>)**
- **Do you already have a fireplace?**
  - Take some photos of the area
  - Note the measurements of the fireproof wall
  - If the wood stove has an elbow pipe or rear outlet - note the height from the floor to the center of the flue pipe that enters the wall.
- **Removal of existing fireplace**
  - Want help from a dealer
  - Dismantling and removing yourself
- **Installation**
  - Want help with installation
  - Installing yourself
